The world has ended, and the society which emerged from the ruins of environmental catastrophe is obsessed with maintaining "the Balance": preserving harmony between humans and nature. But there is one problem. Anyone born with an ability is deemed an Illegal, a threat to the Balance. They are feared, controlled and detained. Ashala Wolf has run away to escape this fate, and lives in the Firstwood with her pack of Illegals, named the Tribe. But when she is captured by Chief Administrator Neville Rose, she must use all her resilience to protect the Tribe. Injured and vulnerable, with her Sleepwalker ability blocked, Ashala is forced to succumb to a machine that will pull secrets from her mind. And beside her is Justin Connor, her betrayer, watching her every move. Will the Tribe survive the interrogation of Ashala Wolf? This is a compelling debut..
