

The Manchester School: Practice and Ethnographic Praxis in Anthropology

Filesize: 4.12 MB

Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Michael Spinka)

THE MANCHESTER SCHOOL: PRACTICE AND ETHNOGRAPHIC PRAXIS IN ANTHROPOLOGY

DOWNLOAD

Berghahn Books. Paperback. Book Condition: new. BRAND NEW, The Manchester School: Practice and Ethnographic Praxis in Anthropology, T. M. S. Evens, Don Handelman, "The book accomplishes admirably its stated aim, namely 'to highlight and critically examine the fundamental features of the extended-case method, in order to advance its substantial, continuing merits'. Its editors and chapter contributors demonstrate that the extended-case method is more than a 'method', it is a sophisticated mode of research and analysis arising from the long-standing political, institutional and epistemological concerns of Gluckman and his students. This book is a timely addition to the ongoing rethinking of practice theory after Bourdieu. With its ethnographic grounding, attention to situated process, and stress on the latent potentialities of social interaction for the structuring of social life (cf. Giddens 1984), the renewal of this social anthropological tradition signaled by the present study has much to offer cultural anthropologists in the United States and elsewhere." * Ethnos .Everyone will welcome this renewal of the extended case / situational analysis approach. Recovering the original reasons for doing things that one otherwise takes for granted not only recovers an earlier richness and generosity of intellect but makes for a very spirited and reinvigorating contemporary exercise. This is an important enterprise in charting the development of anthropology, and indeed social science more broadly. * Marilyn Strathern, DBE, FBA, University of Cambridge< Misunderstood and neglected for decades, the Manchester School's influence on contemporary social anthropology is considerable, even if often unacknowledged. This excellent book shows that Gluckman et al. were years ahead of their time in formulating methodological and theoretical questions of crucial importance to anthropology today. A timely book indeed! * Thomas Hylland Eriksen, University of Oslo/Free University of Amsterdam T. M. S. (Terry) Evens, Professor of Anthropology at the University of North Carolina at Chapel...
