Monkey knows how to behave, but he wants to know the reaction he'll get from doing things his way. How could anyone not think it's fun to be silly? This rhyming short story of a three-and-a-half-year-old Monkey offers a fun and subliminal lesson. Set in a toddler's typical day-morning routine, preschool, carpool, and so forth-Monkey figures out that the things his mommy and daddy teach him warrant a pleasant reaction from others, versus being silly. With repetitious use of the soft, endearing words Silly Monkey, young listeners and new talkers alike can memorize and repeat the words to help internalize the book's message.

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
